Activities Program – 4 Nights & 5 Days

🌿 Day 1 : Welcome to Magical Siwa

Relax and get acquainted to the environment, unwind by the pool or walk around our ecovillage to explore the facilities before savouring your first exquisite Moroccan meal at Taziry. Your local host will be available around the clock to introduce you to the magical ethnicity of Siwa and Taziry.

🌿 Day 2 : An Epic Oasis

After a delicious home-grown filling breakfast, observe and learn about the monuments of all great civilizations that passed by this mythical oasis, from the Pharaonic to the Greco-Roman period, with the most knowledgeable and multi-lingual guide in Siwa: Temple of the Oracle of Amun (or temple of Alexander the Great), Temple of Amun, Cleopatra's bath, Mountain of the Dead, Ruins of Shali, and the Island of Fatnas. This tour will not be another monotonous cultural trip, it will enable you to witness Siwa's richest and deepest roots; to understand and enjoy Siwa from a universal perspective.

You will be able to have lunch in a restaurant or snack at a coffee shop in the city centre. You will also be able to go shopping for some of the finest Siwan handicrafts in the central souk.

Cultural Tour I: 500 EGP / Person [Excluding Entrance Fees: 65 EGP / Person] +
Optional Transportation: 900 EGP --> Can be shared between up to 7 people.

🌿 Day 3 : The Great Sand Sea

Get ready for the most unforgettable experience of discovering the various depths of the Great Sand Sea. A 4x4 vehicle will drive you to the desert for a full-day safari. You will appreciate the petrified forests, fossilized sea shells, cruise on top of curved sand dunes, swim in fresh lakes and hot sulphuric springs. You will also be equipped for sand-boarding: easy slopes for the amateurs and the steepest dunes for the advanced! Snacks, juices and mint tea will be served for lunch.

After you observe the magnificent sunset from the top of a high dune, you will be back to Taziry for a well-deserved delicious dinner. You can also choose to spend the night at the desert. At your convenience, there could be a large tent or sleeping bags for those who like to sleep in open-air: Overnight camping in the Great Sand Sea is a matchless experience; the sky is nowhere as clear...

Full-Day 4x4 Desert Safari: 3000 EGP / Vehicle --> Can take up to 6 people
[Including Lunch; Excluding Permits 110 EGP (Residents) / 320 EGP (Foreigners)].

🌿 Day 4 : High bellow

You might well have heard that our mysterious oasis is below sea level, and was once part of the Ocean. If you are "in tune" with Mother-Nature, you will immediately acknowledge this feeling. We would like to give you a strong sense of this energy: In the Salt Lake (as salty as the Dead Sea) you will be able refresh your skin and body and float free while watching the pure blue sky above. After that, our guide will take you to Abou Shrouf's spring, to swim in its fresh warm waters. When you have completely rejuvenated, you will visit the old village of Ain Safi to learn about an authentic hundred years old olive oil press, then you will be taken to watch the sunset from a vantage point.

Cultural Tour II: 500 EGP / Person [Excluding Entrance Fees 50 EGP / Person] +
Optional Transportation: 900 EGP --> Can be shared between up to 7 people.

🌿 Day 5 : Arabian Fantasy

Are you a skilled horse-back rider? Taziry Stud gives pure breed Arabian horses to be ridden in the Great Sea of Sand for various durations, passing by the most glorious landscapes during twilight, feeling the serene and rousing breeze on the back of the horse, galloping on "sand snow". A true horseback knight experience that will remain unforgettable.

Horse-back Riding – Price: Currently unavailable.

*Note: If you are an early riser, a Mother-Nature lover, or none of the above, waking up before daybreak to watch the sun rising, is a vital experience for the soul. You can do that from your room's window, or from any spot of the ecovillage, even better from a little above, at Taziry's Red Mountain (Adrere Azughagh). An enchanting sunrise reflecting its pink and orange light beams on the surface of the lake is the most blissful moment of the day, and a wishful tribute from Taziry to keep an everlasting memory of the place.
